## GALLAGHER GETS FOOTBALL GAME FOR C. & A. SUNDAY

First Cavalry Team from Naco Will Play Locals at Warren Sunday Morning at Ten—Admission Is Free.

Two hours after Bill Gallagher, live wire from Don Luis, was elected manager of the C. & A. football team last night, he had arranged a game for his team with the First Cavalry, U. S. A., encamped at Naco, to be played at Warren Park Sunday morning at 10 o'clock.

This will be the first game in the Warren District this season. Reports say the C. & A. have many applicants for the team, some with college experience and many with records from high schools behind them. The soldiers are not to be "doped" before the game. They are said to be fast, but having played no game this season, there is no way of prognosticating the outcome.

The C. & A. will practice again on Thursday afternoon at 4:30. In the squad are Thomas and Benton, old halfbacks on the Bisbee High School team years ago; Goodrich, boxer and wrestler, formerly with the Indianapolis Manual High; Huddleston and others. The last two named are trying out for quarterback.

## VILLA AGENT IS SOUGHT BY U. S. IS AN ALARMIST

Spread Report in Douglas that City Is To Be Attacked By Bandit Chief in the Near Future.

DOUGLAS, Sept. 26.—Salvador Gomez, a Mexican who is the self-styled agent of Francisco Villa in the United States, is being sought for by the United States secret service men all along the border. To his door has been traced the delivery of Villa's alleged message to the Mexicans of Douglas and Pirtleville, a suburb, last week that Villa would return to Sonora to capture Agua Prieta and attack Douglas on November first, the anniversary of his attack on the town across the international boundary from here.

Government agents have learned that Gomez has been traveling by automobile to various border points, delivering alleged messages from the bandit. An accurate description of the man could not be obtained, but is said to be in possession of the officials.

Sonora officials are inclined to doubt the authenticity of Gomez' message and assert that they would welcome Villa's presence in Sonora as he would be killed or captured inside of three weeks, so hostile is the feeling against him as a result of the atrocities charged against him and his followers, last winter.

From reliable sources it is learned that Villa's plan, if it could be carried through with any secrecy would be likely to succeed in so far as Agua Prieta is concerned. There is only a small garrison in that town now, while the only other force in eastern Sonora from the American border to Sinaloa is in El Tigre, 75 miles south of Agua Prieta, near the Chihuahua border. All other troops are now in the southwestern part of the state engaged in the Yaqui campaign.

## Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

## SIX-CENT LOAVES TO HIT CHICAGO THURSDAY.

(By Review Leased Wire)  
CHICAGO, Sept. 26.—Increases in the price of flour today to the highest point since the Civil War was followed tonight by announcement by one of the largest bread making concerns in the city that on Thursday they would increase the price of bread from five to six cents a loaf with a corresponding increase in the price of biscuits and rolls. Other bakers are expected to make similar increases.

Standard Minnesota patent, used chiefly in consumption was increased 20 cents a barrel and, according to the bakers, will defeat the suggestion of the women's association of commerce that housewives offset the bakers' increase by making their own bread.
